SUMMARY

Motivated and detail-oriented registered Civil Engineer with a strong academic record and practical experience gained through active involvement in professional organizations and student clubs. Highly proficient in engineering and design software, with a strong ability to adapt to new tools and technologies. Known for strong analytical thinking, effective teamwork, and a readiness to contribute to real-world engineering challenges.

EDUCATION

2020 - 2024 Bachelor's in Civil Engineering at **Institute of Engineering, Thapathali Campus**
(75.89%)
2018-2020 +2/Science at **Fluorescent Secondary School through NEB Board**
(Grade:- 3.79/4)
2018 SEE from **Fluorescent Secondary School through NEB Board**
(Grade:- 3.90/4)

WORK EXPERIENCE

Impulse Consultants Pvt. Ltd. - Civil Engineer May 2025 – July 2025

- Drafted bridge drawings with precision.
- Prepared detailed project reports.
- Estimated project costs for budgeting.
- Visited sites for culvert design oversight.

A Complete Workshop on Building Analysis and Design – Tutor CESS, Thapathali Campus

- Instructed comprehensive building analysis and design using AutoCAD and ETABS for residential projects.
- Prepared and taught municipal drawings for residential buildings, ensuring compliance with local standards.

Municipal Transport Master Plan- Surveyor Godawari Municipality, Lalitpur-2026

- Conducted field surveys of all municipal road networks, collecting spatial and condition data for transport planning.
- Organized and facilitated ward-level stakeholder meetings involving local residents and professionals from multiple sectors to gather inputs for planning.

PROJECTS

Analysis and Design of Prestressed Concrete Box Girder Bridge Final Year Project

- Designed various bridge components and performed hydrological and hydraulic analysis.
- Conducted site surveys and contributed to a project funded by the Local Roads Bridge Program (LRBP).

Demonstration of a Model of Tensegrity Bridge Inter College Model Competition

- Built a scaled-down model of an innovative tensegrity bridge.
- Secured 1st prize at the intra-college competition and 3rd prize nationally at the "Yathartha" Tech-Fest.

NON-ACADEMIC EXPERIENCE

- Fluorescent Alumni Association:- President

2025–Present

 - lead the overall operations and strategic initiatives of the Fluorescent Alumni Association, coordinating programs and strengthening alumni engagement.
 - oversee collaborations, events, and community-focused activities to expand the NGO’s impact within the Kathmandu Valley.
- Fluorescent Alumni Association:- Secretary

2023–2025

 - Coordinated meetings, maintained records, and managed communication among alumni and executive members.
 - Supported planning and execution of community service projects, networking events, and fundraising initiatives.
- Civil Engineering Student’s Society, Thapathali Campus – Facilitator

2024–2025

 - Contributed innovative ideas in the organization and planning of events and workshops.
 - Designed graphic materials for social media, posters, and event branding.
- Civil Transcend III – Editor

2024

 - Edited and proofread content for clarity, grammar, and consistency across articles and reports.
 - Collaborated with the graphics designer on layout, typography, and overall magazine design.
- Yathartha 2.0: A National Level Tech Fest – Organizer

2024

 - Played a key role in planning and structuring multiple technical and non-technical events, contributing to the fest’s success.
 - Organized the first edition of “Samadhan Makerthon: From Ideas to Solutions” as a coordinator.
